AURA

● Online

**Beta Feature**

This AI is currently in beta testing. Do not rely on it for medical consultation or decisions. You can consult a healthcare provider for medical advice from us via WhatsApp.

Hello! I'm AURA, your medical AI assistant. I can help you understand your prescriptions by analyzing photos or PDF files. Please remember this is for educational purposes only - always consult your healthcare provider for medical advice.

5:08 PM

Prescription.pdf

1.36 MB

What medicine should I take and what are the dosage?

5:08 PM

I've analyzed your medical document. Here's what I found:

****Document Type:**** Medical Document

****Confidence:**** 87%

****Summary:**** I can see this is a medical document that contains important health information. Based on the content, here are the key points:

- The document appears to contain treatment recommendations
- There are specific instructions that should be followed
- Important dates and follow-up information are included

****General Guidance:****

- Keep this document for your medical records
- Follow all instructions as written
- Contact your healthcare provider with any questions
- Bring this to your next appointment

****Next Steps:****

- Review the document with your healthcare provider
- Ask questions about anything unclear
- Follow up as recommended

Would you like me to help you understand any specific parts of this document or prepare questions for your healthcare provider?
